MF-ECO Jet-Pulse 2•3 m Ø 160 mm

Welding Fume and Dust

MF-Eco Jet Pulse is a mobile extractor with cartridge filter, built in Jet Pulse Cleaning system and with aluminium impeller.

No expensive replacement filters needed!

Over 1.000m³/h through the hood.

The economical solution for welding fume and light dust.

Jet Pulse Cleaning

The cartridge filter has a more than 99.9% efficiency.

When the filter is full, you connect it to compressed air with the included hose.

You clean it in a minute with the built in Jet Pulse system.

Then open the door and empty the dust bin.

Ready to use again!

Flexible and economical

MF-Eco Jet Pulse is robust, yet the easily manoeuvrable wheels and the handles make for effortless transportation. Add to this the super-flexible Flexi Extractor Arm, and you have a supremely versatile and flexible filtration unit. It can easily be moved between different work stations.

40 Years experience!

40 years experience of design and manufacturing at your service! The Plymoth products are a combination of well-proven technique and progressive new ideas.
